I'm forwarding this week's ORD report to the Administrator FYI. I just sent a question to Lou, and you may have opinions about whether the staff would appreciate it if I forwarded to NCEA- all every week, regardless of whether NCEA was highlighted.

Also → request from Tom Burke:

At the Monday ORD Manager's Call, Tom said that he's gotten very positive feedback from the Administrator for sending these. However, he said that he almost always gets follow-up calls about individual items, checking to make sure that a certain office was in the loop, had we briefed so-and-so, etc etc.

Administrator,

I am pleased to present our ORD/OSA weekly report.

Much of our effort this week continues to be focused on the Gold King Mine release. Scientists across ORD have stepped up to provide their expertise. ORD staff are covering the ORD desk at the HQ Emergency Operations Center (EOC) providing data interpretation and science translation support.
